REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Applicant canceled all claims that were rejected under prior art in the last Office action. Applicant's arguments with regard to the prior provisional obviousness-type double patenting rejection have been found persuasive. The prior art fails to teach or to render obvious a substrate comprising the specifically layered structure as claimed especially comprising the required cardo polymer layer and color conversion layers as required by the claims. Claims 12-14, 16-29 and 31-35 are allowed (renumbered 1-22).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dawn Garrett whose telephone number is (571) 272-1523. The examiner can normally be reached Monday through Friday.
